

PROJECT MATCHMAKING

THE PURPOSE OF THE MEETING

- LEARN WHAT EWB PROJECT WORK IS ALL ABOUT
- UNDERSTAND HOW WE WORK WITH LOCAL PARTNERS
- GET TO KNOW THE ROLE OF THE SECRETARY
- MEET FELLOW VOLUNTEERS
- JOIN A PROJECT TEAM
- OR SHARE YOUR INTEREST IF NOTHING FITS YET

WATER SYSTEM CONFERENCE

Project location: Ghana
Project timeframe: 04.26 - 12.26
Purpose: hosting an event with trainings, knowledge sharing and 'best practice' discussions.
Project number: D2512

ACCOMMODATION FOR STUDENTS WITH DISABILITIES - OTC HOSTEL

Project location: Sierra Leone
Project timeframe: 2 - 3 years
Purpose: constructing an inclusive, disability-friendly "hostel" in Kenema to improve access to education for youth with disabilities.
Project number: P169

PROTECTION OF A WATER SPRING

Project location: Rwanda
Project timeframe: 1 - 2 years
Purpose: protecting the existing water spring which serves the majority of households in the area.
Project number: D2514

(EM)POWERING EDUCATION

Project location: Ukraine
Project timeframe: 1 year
Purpose: to ensure a stable and reliable power supply while creating a more sustainable and energy-efficient school.
Project number: D2514

SUSTAINABLE TEA COOPERATIVE

Project location: Zimbabwe
Project timeframe: 1,5 years
Purpose: helping farmers strengthen their organizations so they can stand stronger against a monopoly and receive a fair price for their tea leaves.
Project number: P186

PROJECT MATCHMAKING

WATER TOWER REHABILITATION

Project location: Sierra Leone
Project timeframe: 3 years from funding
Purpose: rehabilitation of selected towers in the Kenema district.
Project number: P184

EWB STUDENTS

Project location: International
Project timeframe: 1 - 1,5 years
Purpose: establishing a semi-independent EWB-DK Student group to connect and establish a collaboration with other EWB students' groups.
Project number: D2516

REMOTE SUPPORT

Project location: Denmark
Project timeframe: Undefined
Purpose: providing remote support to missions and exploring new ways to use the technology.

MOVE FOR IMPACT

Project location: Denmark
Project timeframe: 3 - 4 months
Purpose: to create visibility and awareness around EWB-DK, attract new partners and engage existing partners and members.
Project number: D2518

SOLAR-POWERED PEST REPELLENT

Project location: Nigeria
Project timeframe: 1 year
Purpose: addressing the problem of rodent damage in storage facilities.
Project number: D2519

APIDA HEALTH BIOGAS

Project location: Kenya
Project timeframe: 1 - 2 years
Purpose: to develop a biogas system for a hospital that converts kitchen waste and biomedical waste from surgical theaters into clean energy.
Project number: D2521
